EMAIL

Top and bottom banner sizes : 600 px by 200 px OR you can double this to 1200px x 400px if you want a really sharp image, just be sure to use compression to reduce the image size for faster loading times.

BOOTH BRANDING

The photo booth screen can also be an animated MP4 video set to loop.

Please leave 3 inches of space at the bottom of the screen where touch-screen "start" buttons will be placed.

GREEN SCREEN BACKGROUNDS

Green screen backgrounds can be any size but we recommend 1280 px by 1920 px for vertical shooting.

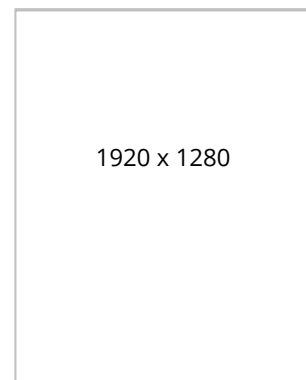

PHOTO TEMPLATES

Note: Only single image/frame templates can be used for animated GIFs.
Square templates are recommended for Instagram to avoid cropping.
